

Solar Electric Installer

We are seeking a motivated, bright and safety conscious person to join our experienced install crew. Prior construction experience (framing, roofing, prior working knowledge of photovoltaic systems) is preferred, however a candidate with roofing, framing or general construction experience will be considered. Professionalism is important as a member of a high standard team. We provide an excellent compensation package; salary is based on experience. Full time position available

Qualifications

- PV Installation Experience would be ideal.
- Comfortable with heights and climbing ladders
- Able to lift heavy loads (up to 100 lbs.)
- Be a Team Participant
- Valid CO driver's license
- Construction Background
- Experience interpreting designs, layouts, 1-Line diagrams
- Highly confident and competent in handling power tools
- Excellent Communication skills with clients and Team Members
- Strong Desire to grow with highly motivated company and increase knowledge through continuing education.
- Solar Electric training/certification is a plus (SCI, NABCEP, etc.)
- Electric certifications a plus (Journeyman, Residential, Master)
